FRAMING INSTRUCTIONS

- All art must be **ready to hang** with wire and return card on back.
- Fill out the box on the Artist Registration Form and attach it to the back of the art.
- One piece of art per artist.
- Black frames only.
 - Pick only frames that are meant to be hung on a wall.
 - Do not use frames meant to sit on a desk or table with an easel back. These make it difficult to hang and often cause the artwork to fall out of the bottom of the frames.
 - When attaching wire to the back of the frame, do not tie off wire to the clips that hold the artwork in place. This will result in shattered glass and broken frames. If necessary, we will connect the wire to the frames.
 - Dollar General, K-Mart, Michael's, Hobby Lobby, Wal-Mart and many other discount stores carry affordable black framing for \$10 to \$20. Most of the black frames have metal links on the back for picture framing wire to be added. You do not have to provide the wall mount.
 - Artwork can be matted or unmatted.
- Unframed oil or acrylic panels must have wire attached to the interior wood stretchers on the back.
- Unframed murals on wood must have wire attached to the back for hanging.
